

FUTRIX Comprehensive Candidate Manual

Version 2.4 | Official Student Product Guide

1. Introduction to FUTRIX

FUTRIX is an enterprise cognitive platform designed for competitive exam aspirants. It integrates automated test series, AI analytics, and spaced-repetition flashcards.

2. Account Management & Security

Your account is protected via Email OTP and browser device fingerprinting. Ensure your login email and guardian phone number are accurate in Settings.

3. Taking Tests & Exam Environment

Tests are delivered in an anti-cheat secure sandbox. Tab switching or window minimization during an active test will flag your suspicion score.

4. Memory Lab & Cognitive Spaced Repetition

Memory Lab automatically organizes missed questions into interactive flashcards scheduled at 1-day, 3-day, and 7-day intervals for max retention.

5. XP Balance & Gamified Leagues

Earn XP based on accuracy and speed. Climb through Bronze, Silver, Gold, Platinum, and Diamond leagues each month.
