

EDUCATOR ORIENTATION MANUAL

Welcome Educator!

This presentation highlights the classroom and test authoring tools available to you on Futrix.

1. Test Creation & Scheduling

Create dynamic assessments in under 2 minutes:

- Select questions from the global verified repository.
- Custom grade weights and time duration settings.
- Release results immediately or at a scheduled target date.

2. Class Performance Reports

Get deep analytical insight on student accuracy indexes:

- Accuracy clusters per topic.
- Average time-spent index per question.
- Detailed grade export to Excel/CSV.
